

CARE/FANRPAN Partnership Dissemination Plan

Purpose	Audience	Messages	Methods	Timing	Evaluation Criteria
To identify and organise the activities to be performed in order to promote the widest dissemination of knowledge from the project	Top Policy makers (state)	<ol style="list-style-type: none"> 1. There is need to invest in building the resilience of smallholder farmers to climate change. 2. Smallholder farmers produce the bulk (up to 70%) of the food but are exposed to climate change. This will impact food security 3. Women and youth are most vulnerable to climate change 4. The state of food and nutrition security in SSA requires a sense of urgency to address it. 5. There is need to prioritize investment and implementation of nutrition interventions 	<ol style="list-style-type: none"> 1. Targeted advocacy through Policy Briefs, Advisories, Research Reports spearheaded by champions 2. Awareness Building through exposure to research findings in workshops, meetings or feedback sessions/webinars 	Throughout the year	<ol style="list-style-type: none"> 1. Policy reviews generated and disseminated 2. Observation of adoption of suggested points in policy positions and pronouncements
	Intermediary Non-state CSOs Extension Services Researchers	<ol style="list-style-type: none"> 6. There is need to ensure that agriculture delivers positive nutrition outcomes 	<ol style="list-style-type: none"> 1. All of the above 2. Targeted training sessions and/or field visits 3. Manuals/Guidelines of NSA interventions 		<ol style="list-style-type: none"> 1. Number of training sessions conducted 2. Number of extension workers/CSO personnel trained 3. Materials developed and disseminated
	Low Smallholder farmers Small scale traders/agro dealers	<ol style="list-style-type: none"> 1. Climate change will drastically change the way we do agriculture 2. We need to build resilience to climate change 3. We need to communicate our concerns to policy makers 	<ol style="list-style-type: none"> 1. Multi-stakeholder engagements (dialogues and campaigns) 2. Capacity strengthening of identified champions 3. Prioritization of women and youth 		<ol style="list-style-type: none"> 1. Number of multi-stakeholder engagements/platforms convened 2. Number of smallholder farmers/women/youth engaged 3. Number of champions developed

a) Multi-country Studies

FANRPAN will conduct in-country activities in the targeted countries and generate country-specific outputs

b) Regional Synthesis

Using the results/outputs from the targeted countries, FANRPAN will develop a regional/multi-country synthesis

c) Regional Dissemination

The regional synthesis will be disseminated to other countries in the region
